Overall Length:

96.000 inches

Overall Width:

44.000 inches

Thickness:

0.050 inches

End Application:

B-52 bomber airplane...

Aircraft Location:

Wing leading edge

Aircraft Mission Design Series:

B-52

Special Features:

Installed opposite -14

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
