Overall Length:

2.000 inches

Overall Width:

1.450 inches

Material Thickness:

0.375 inches

Product Name:

Retainer

Aircraft Location:

Rear beam, lower cap

Aircraft Mission Design Series:

C-141

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4, t351 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
