Overall Length:

22.500 inches

Overall Width:

16.500 inches

Thickness:

0.040 inches

Aircraft Location:

Fairing assembly, main landing gear, shock strut

Aircraft Mission Design Series:

A-10a

Special Features:

Outer skin

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
