Overall Length:

5.150 inches

Overall Width:

2.890 inches

Material Thickness:

0.063 inches

End Application:

F-15

Aircraft Location:

1001 keel structure, aft

Aircraft Station Number:

Fs626.900 to fs712.310

Special Features:

Splice

Material:

Titanium alloy

Material Specification:

Mil-t-9046 type 3 comp c anld military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

Mil-t-9046 spec.
