Overall Length:

7.700 inches

Overall Width:

7.400 inches

Material Thickness:

0.063 inches

Side For Which Designed:

Both sides

Aircraft Station Number:

Fs238, fs245, fs260

Aircraft Mission Design Series:

A-10a

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
