Overall Length:

20.100 inches

Overall Width:

8.400 inches

Thickness:

0.071 inches

End Application:

F-15

Aircraft Location:

Diffuser ramp, upper, assembly

Special Features:

Opposite p/n -2010

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 t3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
