Overall Length:

108.700 inches

Overall Width:

6.500 inches

Thickness:

0.125 inches

End Application:

F-15

Aircraft Location:

Lower, leading edge, wing

Aircraft Station Number:

Xfs105.276 to xfs208.700

Special Features:

Same as -2009

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/24 t76 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
