Overall Length:

11.350 inches

Overall Width:

1.500 inches

Material Thickness:

0.071 inches

Aircraft Location:

Empennage support beam inboard shear beam

Aircraft Station Number:

Fs712.310 to cfs791.650

Aircraft Mission Design Series:

F-15

Special Features:

6al-6v-2sn; opp -2092

Material:

Titanium alloy

Material Specification:

Mms 1203 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

spec.
