Overall Length:

18.900 inches

Overall Width:

3.300 inches

Material Thickness:

0.090 inches

Aircraft Location:

Trailing edge wing skin stiffener

Aircraft Mission Design Series:

F-15

Special Features:

Opposite p/n -2011; nha -1006; located on xw113.610

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
