**Overall Length:**

6.750 inches

**Overall Width:**

2.500 inches

**Material Thickness:**

1.500 inches

**End Application:**

F-15

**Aircraft Location:**

Outboard trailing edge machining skin filler

**Special Features:**

Nha 68a110001

**Material:**

Aluminum alloy 2024

**Material Specification:**

Mms-149 t851 military specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400

**Mil-std (military Standard):**

spec.
