Overall Length:

6.750 inches

Overall Width:

2.500 inches

Material Thickness:

1.500 inches

End Application:

F-15

Aircraft Location:

Outboard trailing edge machining skin filler

Special Features:

Nha 68a110001

Material:

Aluminum alloy 2024

Material Specification:

Mms-149 t851 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

spec.
