**Overall Length:**

2.100 inches

**Overall Width:**

1.520 inches

**Material Thickness:**

0.063 inches

**End Application:**

F-15

**Aircraft Location:**

Canopy fairing assembly

**Special Features:**

Nha -1001

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-250/11 t6 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
