End Application:

A-6 airplane.

Aircraft Mission Design Series:

A-6a

Special Features:

Heat treat per t6, alodine mil-c-5541, 0.071

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
