Overall Length:

35.000 inches

Overall Width:

8.000 inches

Thickness:

0.090 inches

End Application:

F-16

Material:

Aluminum alloy

Material Specification:

Qq-a-250/4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
