Overall Length:
8.000 inches
Overall Width:
3.720 inches
Thickness:
0.050 inches
Criticality Code Justification:
Feat
Aircraft Location:
Aft eqpt bay vortex generator vane assembly
Aircraft Station Number:
Yf1590.00
Aircraft Mission Design Series:
B-1b
2 10
Special Features:
Special Features:
Special Features:  Nuclear hardness critical item; covering per ta0108-016 type 1
Special Features:  Nuclear hardness critical item; covering per ta0108-016 type 1  Shelf Life:
Special Features: Nuclear hardness critical item; covering per ta0108-016 type 1 Shelf Life: N/a
Special Features: Nuclear hardness critical item; covering per ta0108-016 type 1 Shelf Life: N/a
Special Features: Nuclear hardness critical item; covering per ta0108-016 type 1 Shelf Life: N/a Unit Of Measure:
Special Features: Nuclear hardness critical item; covering per ta0108-016 type 1 Shelf Life: N/a Unit Of Measure: Demilitarization:
Special Features: Nuclear hardness critical item; covering per ta0108-016 type 1 Shelf Life: N/a Unit Of Measure: Demilitarization: Yes - demil/mli
