Overall Length:

9.000 inches

Overall Width:

3.000 inches

Material Thickness:

0.032 inches

Aircraft Location:

Upper fwd pylon beam assembly

Aircraft Mission Design Series:

C-141a

Special Features:

Finish f1; nha 3p61500

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 t3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
