Overall Length:

3.000 inches

Overall Width:

2.000 inches

Material Thickness:

0.040 inches

Aircraft Location:

Fan mt support intercostal instl

Aircraft Station Number:

Fs412.50 to fs420.50

Aircraft Mission Design Series:

C-141

Special Features:

Heat treat t6; finish f-1.1

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-283 t0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
