Material Thickness:

0.025 inches

End Application:

F-14

Special Features:

C/o epoxy, polyamide primer mil-p-23377

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
