Overall Length:

6.800 inches

Overall Width:

2.600 inches

Material Thickness:

Between 0.156 inches and 0.163 inches

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
