End Application:

C-141

Aircraft Location:

Retainer-splice, restraint rail receptacle

Special Features:

4.0 dia. X 1

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-282 t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
