Overall Length:

5.180 inches

Overall Width:

5.180 inches

Material Thickness:

0.150 inches

End Application:

B-1b bomber airplane...

Aircraft Location:

Lower cheek trunnion bearing retainer

Aircraft Station Number:

Fs229.000

Aircraft Mission Design Series:

B-1b

Special Features:

Nha; I3010350, heat treat per t81, matt; al clad

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11400
