Overall Length:

20.000 inches

Overall Width:

6.000 inches

Material Thickness:

0.050 inches

Aircraft Location:

Doubler, door assembly, liferaft; mlg pod

Aircraft Station Number:

Fs1098.0 to fs1138.0

Aircraft Mission Design Series:

C-141

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 t3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
