Overall Length:

6.000 inches

Overall Width:

2.000 inches

Material Thickness:

0.050 inches

Aircraft Location:

Air conditioning bleed air manifold support

Aircraft Mission Design Series:

C-141

Special Features:

Nha: 3a30014 and 3a30173; opposite -101; o temper; heat treat t6; fin f-1

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-327 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
