Overall Length:

12.920 inches

Overall Width:

2.800 inches

Material Thickness:

0.900 inches

Aircraft Location:

Doubler

Aircraft Station Number:

Fs558.50 to fs595.90

Aircraft Mission Design Series:

F-15

Special Features:

Cover, access-3a fuel cell; t81

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
