**Overall Length:**

13.200 inches

**Overall Width:**

1.440 inches

**Material Thickness:**

0.040 inches

**Aircraft Location:**

Stiffener, cover access 3a fuel cell

**Aircraft Station Number:**

Fs558.50 to fs595.90

**Aircraft Mission Design Series:**

F-15

**Special Features:**

T0 alclad

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/4-0 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
