Overall Length:

13.200 inches

Overall Width:

1.440 inches

Material Thickness:

0.040 inches

Aircraft Location:

Stiffener, cover access 3a fuel cell

Aircraft Station Number:

Fs558.50 to fs595.90

Aircraft Mission Design Series:

F-15

Special Features:

T0 alclad

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
