Overall Length:

4.040 inches

Overall Width:

1.190 inches

Material Thickness:

0.050 inches

Aircraft Location:

Stiffener, cover access 3a fuel cell

Aircraft Station Number:

Fs558.50 to fs595.90

Aircraft Mission Design Series:

F-15

Special Features:

0 alclad

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
