Overall Length:

44.000 inches

Overall Width:

8.000 inches

Material Thickness:

0.032 inches

Aircraft Location:

Aft flap link center section rib

Aircraft Mission Design Series:

C-130

Special Features:

Heat treat lac521-54

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
