Overall Length:

82.000 inches

Overall Width:

5.000 inches

Material Thickness:

0.063 inches

Side For Which Designed:

Right side

Aircraft Location:

Wing root

Aircraft Mission Design Series:

F-16a/b

Special Features:

Wing root fairing support

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4-t62 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
