Overall Length:

3.000 inches

Overall Width:

2.700 inches

Material Thickness:

0.071 inches

Aircraft Location:

Nacelle t/e fwd fairing assembly

Aircraft Mission Design Series:

Kc-135

Special Features:

Ht tr 150, 000 to 170, 000 psi; finish f-8.07; opp -181

Material:

Stainless steel

Material Specification:

Mil-s-23043 17-7ph surf cond 2d annealed military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

Mil-s-23043 spec.
