Overall Length:

7.200 inches

Overall Width:

1.100 inches

Material Thickness:

0.100 inches

Aircraft Location:

Nose radome support rod channel assembly

Aircraft Mission Design Series:

E-3a

Special Features:

Opposie -13; nha 5-71794

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-287 temp 0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
