Overall Length:

15.000 inches

Overall Width:

14.000 inches

Material Thickness:

0.063 inches

End Application:

H-1 helicopter

Side For Which Designed:

Left side

Aircraft Location:

Aft fuselage

Aircraft Station Number:

Fs1373.0 and fs1591.0

Aircraft Mission Design Series:

C-5b

Special Features:

Bracket assembly-support-hyd hose

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
