Material Thickness:

0.071 inches

Aircraft Location:

Wing, leading edge flap, lower seal

Aircraft Mission Design Series:

F-16c/d

Special Features:

Block 40/60

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4-t62 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11500
