Fabrication Method:

Machined

Aircraft Location:

Main landing gear actuator

Aircraft Station Number:

Fs1058

Aircraft Mission Design Series:

C-141

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-225/9, cond t73 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11500
