| Overall Length:                                               |
|---------------------------------------------------------------|
| 10.710 inches                                                 |
| Overall Width:                                                |
| 4.290 inches                                                  |
| Material Thickness:                                           |
| 0.080 inches                                                  |
| Aircraft Location:                                            |
| Fuselage-mpcd support, guide                                  |
| Aircraft Mission Design Series:                               |
| F-15                                                          |
| Material:                                                     |
| Aluminum alloy 2024                                           |
| Material Specification:                                       |
| Qq-a-250/5, t3 federal specification single material response |
| Shelf Life:                                                   |
| N/a                                                           |
| Unit Of Measure:                                              |
|                                                               |
| Demilitarization:                                             |
| Yes - demil/mli                                               |
| Fiig:                                                         |
| A11400                                                        |
|                                                               |
