Overall Length:

72.000 inches

Overall Width:

4.000 inches

Material Thickness:

0.071 inches

Aircraft Location:

Cowl, aft, frame

Aircraft Station Number:

Pp95.29

Aircraft Mission Design Series:

C-141

Material:

Titanium alloy

Material Specification:

Ams4901 national specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
