**Overall Length:**

17.000 inches

**Overall Width:**

12.000 inches

**Material Thickness:**

0.071 inches

**Aircraft Location:**

Cargo compartment

**Aircraft Mission Design Series:**

C-5a

**Special Features:**

Bracket assembly, nozzle-fext cargo compt, space cargo modification kit

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
