Overall Length:

17.000 inches

Overall Width:

12.000 inches

Material Thickness:

0.071 inches

Aircraft Location:

Cargo compartment

Aircraft Mission Design Series:

C-5a

Special Features:

Bracket assembly, nozzle-fext cargo compt, space cargo modification kit

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
