Overall Length:

24.000 inches

Overall Width:

20.000 inches

Material Thickness:

1.500 inches

Aircraft Location:

Torque deck

Aircraft Station Number:

Fs2339.283

Aircraft Mission Design Series:

C-5a

Special Features:

Part of space cargo modification kit

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
