Overall Length:

26.000 inches

Aircraft Location:

Retainer-lower engine baffle, diaphragm assembly

Aircraft Mission Design Series:

C-130a/b/f

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-332, t4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
