Overall Length:

6.000 inches

Overall Width:

5.000 inches

Material Thickness:

0.250 inches

Product Name:

Side cushion - battery box

Aircraft Location:

Battery box side cushion

Special Features:

Identify per mil-std-130

Material:

Rubber

Supplementary Features:

Material: .25" thick cellular rubber sheet per mil-r-6130, type ii, grade b, soft with adhesive backing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
