Overall Length:

6.640 inches

Overall Width:

2.100 inches

Material Thickness:

1.960 inches

Aircraft Location:

Fuel tank no.1

Aircraft Mission Design Series:

F-15c/d acft

Special Features:

Unicellular polyethelene

Material:

Plastic polyethylene

Material Specification:

Ppp-1752 type iv class 2 uncellular, flexible federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
