Securing Device Type:

Threaded fastener

Mounting Opening Shape Style:

Unthreaded hole

Special Features:

Dummy radome, aspj, forward receive

Material:

Aluminum alloy 356.0

Material Specification:

Ams4218, t61 national specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531h0
