**Overall Length:**

34.000 inches

**Overall Width:**

32.000 inches

**Material Thickness:**

0.050 inches

**End Application:**

Helicopter, apache ah-64

**Side For Which Designed:**

Right side

**Aircraft Location:**

Nacelle-canted

**Aircraft Mission Design Series:**

Ah-64

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/4 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
