Overall Length:

8.000 inches

Overall Width:

3.000 inches

Material Thickness:

3.000 inches

Aircraft Location:

Fwd flap

Aircraft Mission Design Series:

C-17

Special Features:

Used as hanger-panel supporting assembly, fwd flap hinge fairing

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
