Material Thickness:

3.250 inches

Aircraft Location:

Forward, inner and outer upper flap

Aircraft Mission Design Series:

F-15a/b/c/d/e

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, t72 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11500
