**Furnished Items:**

Nut and rivet

**Material Thickness:**

0.040 inches

**End Application:**

Helicopter

**Hole Quantity:**

3

**Aircraft Location:**

Hydraulic system-utility blade fold

**Aircraft Mission Design Series:**

Hh-53h

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-362 federal specification single material response

**Surface Treatment:**

Anodize

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
