Furnished Items:

Nut and rivet

Material Thickness:

0.040 inches

End Application:

Helicopter

Hole Quantity:

3

Aircraft Location:

Hydraulic system-utility blade fold

Aircraft Mission Design Series:

Hh-53h

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
