**End Application:**

Aircraft model c-130

**Aircraft Location:**

Cross tie

**Aircraft Station Number:**

Fs737.0

**Aircraft Mission Design Series:**

C-130t-30

**Special Features:**

One hole measuring 0.633 in. Dia. Max., 1.890 in. From second hole placed diagonally measuring 0.506 in. Dia. Max., third hole measuring 0.506 in. Dia. Max. Directly in line with first hole measuring 2.900 in. Apart; material is 0.688 in. Thick at the widest point and 0.500 in. Thick at the narrowest point

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/12 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
