**Overall Length:**

3.580 inches

**Overall Width:**

0.880 inches

**Material Thickness:**

0.040 inches

**End Application:**

Helicopter

**Aircraft Location:**

Hydraulic system-utility blade fold

**Aircraft Mission Design Series:**

Hh-53h

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-362 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
